JAIDEN JAKUBOWSKI

Bel Air, MD | +1 (443) 567-2035 | jaidenjakubo@gmail.com | jaidenjaku.github.io/portfolio-site

PROFESSIONAL SUMMARY

Adaptable Computer Science graduate with a track record of thriving in unfamiliar, deadline-driven environments. Relocated across the world to independently manage a classroom of 30+ students in a brand-new profession, and supported cross-functional projects at SAIC. Strong attention to detail and organizational skills, backed by hands-on data analysis and clear documentation habits built under pressure. A natural go-getter who takes ownership, learns fast, and is motivated by helping people and teams succeed.

EDUCATION

Ursinus College, Collegeville, PA — *Bachelor of Science, Computer Science (French Minor)* May 2025

GPA: 3.8, Dean's List

Relevant Coursework: Computer Networks, Computer Graphics, Software Engineering, Operating Systems, Programming, Algorithms and Data Structures, Computer Architecture and Organization, Game Studies

The John Carroll School, Bel Air, MD — *High School Diploma* May 2021

GPA: 3.5, Honor Roll, Varsity Basketball

EXPERIENCE

Anuban NST School, Nakhon Si Thammarat, Thailand — *Foreign EFL Teacher* Oct 2025 – Mar 2026

- Relocated internationally to a new culture and time zone and learned to teach from scratch with no prior experience, independently leading classrooms of 30+ multilingual students across Math, Social Studies, Speaking & Listening, and Art (TEFL-certified).
- Designed interactive lesson plans and adapted instruction on the fly in a fast-changing, cross-cultural environment, building strong relationships with a diverse staff and student body.

Science Applications International Corporation (SAIC), Washington DC–Baltimore Area — *Business Development Intern* Jun 2024 – Aug 2024

- Collaborated on projects alongside business and software interns, adapting quickly to a professional work environment.
- Worked alongside business interns to revamp the internal company website using Power BI.
- Contributed to a team of developers deploying a web application to AWS Elastic Beanstalk.
- Collaborated in team meetings, contributing ideas and strengthening communication skills.

Ursinus Basketball Camp, Collegeville, PA — *Camp Coach* Jun 2022 – Jun 2024

- Directed structured skill-building drills and managed groups of young athletes across multiple age levels.
- Motivated campers and communicated technical concepts in an accessible, encouraging way, building confidence on and off the court.

SKILLS

- Languages: Python, JavaScript, C/C++, HTML, CSS
- Cloud & Infrastructure: AWS (EC2, VPC, Elastic Beanstalk), Docker, Terraform, Ansible, Jenkins, CI/CD pipelines
- Tools & Systems: Git, Bash, Linux, Windows, macOS
- Data & Analysis: SQL (SQLite, SQLAlchemy), Selenium WebDriver, RESTful APIs
- Productivity: MS Office, Power BI

LEADERSHIP & ACTIVITIES

- Varsity Men's Basketball Team, Ursinus College, Player & Captain: elected by teammates to establish and uphold team culture while balancing 40+ hours/week of athletics with academics.
- Earned the Centennial Conference Sportsmanship Team Award, the Will Furey '07 Red Jersey Leadership Award, and NABC Honors Court recognition.
- Mentored incoming teammates and returned from injury to a starting role after months of dedicated physical therapy.

Languages: Intermediate Spanish
